

Sanjiv Anand is an accomplished healthcare and benefits leader with extensive experience driving growth, innovation, and operational excellence across the industry. As CEO of Boon-Chapman and Soluta, Sanjiv focuses on advancing industry-transforming technology and creating unmatched service capabilities for members, employers, brokers, providers, and partners.

With over four decades of leadership experience, Sanjiv has held pivotal positions, including executive leadership roles as CEO at bswift, CTO at Hewitt Associates, Group President at Xerox, and COO at ExcellerateHRO. Throughout his career, he has consistently delivered sustainable financial results by spearheading technology-enabled solutions, optimizing operations, and cultivating high-performing teams. His proven expertise in healthcare benefits, administration, and technology uniquely positions him to lead both Boon-Chapman and Soluta toward continued success.

At Boon-Chapman, Sanjiv upholds the company's six-decade legacy of innovation in employee benefits administration by combining deep-rooted expertise with cutting-edge solutions that meet diverse

workforce needs. His vision prioritizes empowering health plans, enhancing member experiences, and delivering operational excellence for clients and partners.

Soluta, under Sanjiv's leadership, is redefining efficiency in the insurance and financial services industries with its consolidated benefits billing and reconciliation solutions. Its Full Platform Integration (FPI) capabilities streamline operations and ensure seamless reconciliation across multiple product lines, driving client satisfaction and operational success.

In addition to his executive leadership roles, Sanjiv has served in various advisory roles, including Aetna and Employees First, leveraging his industry knowledge and strategic insight to guide organizations in healthcare, technology, and beyond.

Sanjiv's approach to leadership combines a relentless focus on innovation with a commitment to delivering transformative results for clients, partners, and the industry as a whole.
